**Carruades de Lafite 2016: Quality score vs price per bottle (£)**

This is the highest Quality score for Carruades since 2009. Furthermore, we expect it to be released into the UK market somewhere in the region of £130-£140 per bottle, making it equal to or cheaper than any other recent vintage on the market. A sure bet, if you can get your hands on any.

**17.5-18**  
Michel Bettane

“A clear progress since previous vintages, with a real finesse of the aromas and a more 'Pauillac' body, but not yet at the level of the best second wines.”

**850** 2016 Quality

**16.5+**  
Jancis Robinson

“[...] Neat, restrained, rather tight nose and a tad mean on the end. Just as there's a big gap between Petit Mouton and the grand vin, so there seems to be between Carruades and Lafite [...]”

**89-92**  
Antonio Galloni

“The 2016 Carruades de Lafite is a sexy wine [...] Deep and textured on the palate, yet also light on its feet, the 2016 exhibits terrific balance and striking purity in its fruit [...] This is impressive stuff.”
