Pontet-Canet 2016: Quality score vs price per bottle (£)

The 2016 Pontet-Canet release price represents a very punchy increase on 2015, doubtless inspired by the property's highest Quality score since 1959 and Alfred Tesseron's conviction it is their "most accomplished" ever. It remains significantly under current market prices for 2009 and 2010.

“ Suave texture, and great length. A great wine but 2015 was more impressive [...] ”

“ More savoury and sumptuous than many of its neighbours. [...] Almost too sweet but that is to complain needlessly. Already rich and enjoyable but masses of tannins too. Long and throbbing. Excellent with freshness and cleanliness and round. ”

Antonio Galloni

“ Exotically ripe, powerful and voluptuous, it brings together the richness of the 2009 with the structure of the 2010.[...] The 2016 is a spectacular wine by any measure, while Pontet-Canet confirms its rarefied place as a true original in Bordeaux. ”
